Recommendation Letter

[Seneca Technologies - Reference Letter](#)

Structured Product Solution

- [Natixis Case Competition - Structured Product Solution Pitch Deck](#)
 - The project delivers a 1-year principal-protected, putable call-spread note on Brent crude, combining macro analysis, client balance-sheet needs, and derivatives engineering. It includes futures-curve calibration, delta-based strike selection, pricing of the Bermudan put using Black-76 simulations, and participation-rate optimisation. The deck also presents scenario tests, 10-year rolling backtests, Monte Carlo projections, and ESG-aligned issuance mechanics under a Green/Social financing framework.
